Rising Stars Reading App

Dear Parents/carers,

Thank you so much for downloading the 'Rising Stars' app. The children seem to be really enjoying the new books.

To get the most out of the books up to the orange level children need to

1. Read the book for the first time and build up any unfamiliar words.
2. For the second time of reading your child should be able to recognise the words they had difficulty with.
3. On the third time of reading your child should be reading with accuracy and pace. They will now be able to answer the questions in the quiz.

If your child is reading their book three times this should be over a number of days in order to get the most from the book and develop their skills. Please record each time your child reads the book in their reading diary so they can be awarded points on their caterpillar.

Finally, after three readings click on the 'Finish' button.

At school we are able to see how much time has been spent reading and practising the book. It is for your child's benefit it is done correctly.

Thank you
Consett Infant Staff
